The
ANDERSON
School
Handbook
2016–2017

930 Jefferson Avenue | Norristown, PA 19403
(610) 635-2400
<http://andersoneducation.org>

Welcome to the 2016-2017 school year! On behalf of the staff at the Anderson School, we are excited to head into this new school year. The Anderson School is a tight community and we strive to give our students the best education and supportive environment possible. This past school year we began to look at the structure of our academics. Our goal at the Anderson school this year, and in future years, is to create curriculum maps in each academic subject to enhance the academics within our school. As a team we want to create a more engaging learning environment, where our students receive a rigorous education while taking a real interest in their daily instruction.

We will be continuing with the Restorative Practices model this year. Restorative Practices gives students an understanding of how their behaviors have an effect on others and helps them to take ownership of those behaviors. This model also gives students a sense of community.

Our students will continue to have an opportunity to explore post-secondary options and careers with our school counselor. Students will have a chance to develop goals, do interest inventories, participate in various college presentations, and visit college campuses.

This handbook outlines everything a student and parent will need to know in order to function effectively at The Anderson School and to benefit from the changes that we are working hard to implement. We strongly urge family-teacher communication. Parents and students should keep this book in a convenient place throughout the school year for quick reference when needed. Our handbook is also available online at our new website, www.andersoneducation.org. Once again, I look forward to serving you and your child throughout the 2016-2017 school year!

Your education is what you make of it!

Sincerely,

Georgine Fronczak, M.Ed.
Principal

Mission Statement

Our Mission here at The Anderson School mirrors the mission of The Montgomery County Intermediate Unit; to provide dynamic, visionary leadership and effective, efficient services for constituent school districts and students.

Vision Statement

Here are The Anderson School we want our students to apply themselves academically and to gain the knowledge they need to be successful for when they return to their home districts or graduate from high school. We strive as a staff to teach our students how to be responsible young adults and to make proper choices from day to day.

Value Statement

Our core values include integrity, excellence, accountability, dedication, and respect for all.

Period 6	1:03-2:00 PM

THE ACADEMIC COMPONENT

All instruction at The Anderson School is linked to the Pennsylvania Common Core State Academic Standards. Essential concepts, skill building and assessments are the cornerstones of the academic program. All courses reflect the Pennsylvania Common Core Standards and assessments. The program provides an opportunity for cooperative learning in small groups as well as large group activities.

Graduation requirements are determined by the sending school district of each student. The Anderson School maintains a cumulative record (Montgomery County Intermediate Unit Secondary-School Transcript) for all high school students. Anderson provides transcripts to every district yearly.

Students are informed of their progress on a daily basis by the staff. Interim notices are provided midway through each quarter and report cards are issued at the end of each quarter. Student grades are based on participation, class work, test scores, projects and homework.

Helping students transition from school to work successfully is an emphasis of the program. High school students are offered opportunities to explore vocational education or to participate in Work Study programs. In addition, high school students are encouraged to explore and apply to post-secondary schooling. Partnerships with home school district's guidance departments are available for each student for such things as SAT registration.

Program of Studies – Core Curriculum

English

English courses include instruction in reading, writing, speaking, and listening. Instruction is derived from and driven by Pennsylvania Academic Standards. Curricular texts include novels, short stories, poetry, nonfiction texts, and drama. Units of study are developed using a thematic approach, with focus given to needs presented by students as related to PSSA Reading and Writing/Keystone Assessments. Students develop research papers, presentations, and essays in each of the three PSSA suggested modes of writing: narrative, informational, and persuasive.

Health

This course prepares students for demands of daily living and healthy lifestyles. Topics may include personality, values clarification, decision making, career choices, stress, mental illness, drugs, nutrition and weight control, disease, sexuality, and consumer education. Information and values are considered equally important for this instruction.

Mathematics

Math courses are designed and aligned to the Pennsylvania State Math Standards. Courses at the middle school level emphasize Pre-Algebra math skills and courses at the high school level include Algebra I, Geometry, and Algebra II, with a strong emphasis on students building the skills necessary for success on PSSA/Keystone exams.

Physical Education

The physical education course encourages the development and maintenance of physical fitness, lifetime sports interests and improvement of self-esteem. Students are provided problem solving and team building activities. Students are offered a variety of activities including: basketball, volleyball, floor hockey, and weight lifting. Alternate, noncompetitive activities such as stress reduction, strength training and flexibility are also offered to students to fulfill physical education requirements.

Science

The science curriculum recognizes the importance of science literacy in our students' futures. Due to the advances in science the curriculum focuses on providing students daily with the skills needed to investigate, inquire, review, and critically analyze the implications science plays in society. The curriculum invites students to learn by hands-on lessons and labs with an emphasis on technology and safety. Middle School science curriculum utilizes an integrated approach teaching Life, Earth, and Physical Science, while the High School focuses on Biological and Environmental Science.

Social Studies

The Social Studies curriculum encompasses three core components; learning through past events, developing problem-solving skills, and gaining exposure to current events. The curriculum includes instruction in societal, economic, and cultural understanding of the United States and the World. Courses at the Anderson School included World History, American History (I and II), and Civics/Economics.

Senior Seminar/Graduation Project

This is a required course for all 12th grade students in which students spend one semester exploring money management, budgeting, career exploration and other daily living skills.

As one requirement for graduation, every student must complete a project as identified by the Commonwealth of Pennsylvania curriculum regulations. This project will be initiated and completed by Anderson seniors prior to graduation with the support of a faculty mentor.

This project requires students to create a resume and cover letter to a fictitious employer and a thank you letter to the same fictitious employer. Students are also required to complete a mock job application, a written exit interview, and a career research paper and presentation. Finally, seniors must complete a minimum of nine hours of community service including a written reflection on each experience.

Reading

Students who may be significantly behind grade level in reading or diagnosed with reading deficits may be enrolled in the Read 180 program when they come to The Anderson School. With this highly researched, highly effective program, students can make large gains in reading comprehension, decoding skills, and vocabulary development.

Blended Learning Content Providers

Plato

Plato Courseware is a standards-based online learning program grounded in a tradition of solid research, sound pedagogy, and applied innovation. Plato uses rigorous, relevant curriculum that challenges your students with a 21st century approach - engaging them with interactive, media-rich content.

IXL

While using interactive games and automatic feedback, students are practicing skills necessary in English and Math to provide a more comprehensive understanding to the subjects.

School to Work

Vocational Education

The Anderson School has liaisons with the following technical schools: Eastern Center for Arts and Technology, Central Montco Technical High School and North Montco Technical Career Center. High School students, with approval from their home school district, good academic standing, and staff recommendation may attend one of the above schools in preparation for post-secondary careers.

Work Experience (Work Study)

The Anderson School, in cooperation with the Montgomery County Intermediate Unit and local school districts, offers part-time work study for students age sixteen or older for academic credit. This program offers intensive support towards the final steps of full competitive employment. Students receive ongoing support to strengthen employability skills. High school students, with approval from their home school district, good academic standing, and staff recommendation, may be eligible to participate in this program. Students must obtain working papers which are available at their sending school district.

Work Exploration

The Anderson School, in cooperation with the Montgomery County Intermediate Unit and local school districts, offers part-time work exploration for students age sixteen or older for academic credit. This program offers short-term exploration experiences to students in a variety of situations. These experiences are designed to provide to the student real life work demands in an actual employment setting with intensive job coach support. High school students, with approval from their home school district, good academic standing, and staff recommendation, may be eligible to participate in this program.

Work Training

The Anderson School, in cooperation with the Montgomery County Intermediate Unit and local school districts, offers part-time work exploration for students age sixteen or older for academic credit. This program offers short-term employment training with the assistance of a job coach and job site mentor. Students participate in intensive training in an area of interest and aptitude, leading to unassisted, competitive employment. High school students, with approval from their home school district, good academic standing, and staff recommendation, may be eligible to participate in this program.

Post-Secondary Planning

Post-Secondary planning is done on site with all students and is catered to the student's grade level and readiness.

Academic Grading

The Anderson School is structured so that every student is able to complete academic benchmarks as part of the general education curriculum. Students will be informed of course syllabus and grading rubrics at the beginning of each quarterly course of study. Students receive grades for each academic period based on effort, accuracy, completion of assignments, attendance, and homework.

Report cards and Interims will be issued to students quarterly. Students and parents/guardians may also have personal conferences with faculty at any time throughout the school year.

90 – 100 (A+, A, A-)

80 – 89 (B+, B, B-)

70 – 79 (C+, C, C-)

60 – 69 (D+, D, D-)

59 and below (F)

I (Incomplete)

- An Incomplete can be assigned for students whose attendance is interrupted and sufficient progress toward class requirements is not made. A time schedule for completing missed work will be established in order for a grade to be assigned.

P (Pass)

- Students who enter The Anderson School very late in a marking period and bring transcripts that do not indicate letter grades may earn a “P” to indicate sufficient work has been done to earn credit in the respective course.
- Physical Education is a course where a “P” is the earned grade for passing.

Honor Roll Criteria

Students will be recognized at the end of each quarter for outstanding work based on the following criteria:

- **First Honor Roll:** Any student who receives **A's and one B** on their report card.
- **Second Honor Roll:** Any student who receives **A's and more than one B**.

Student of the Month

Student of the Month is chosen by the staff each month. One student who has made significant strides academically and therapeutically has an opportunity to become the Student of the Month.

Recognition for Improvement on Accucess Scores

School wide testing will be done three times a year to track the increase in student performance on student literacy and math levels. Curriculum scores are used to determine if there has been an increase in scores. Students will be using the Plato Accucess Assessment to determine this score all three times they test to keep consistency with the scores. If there is any increase in curriculum scores, students will be celebrated after each testing session. An increase in scores shows that the student is working hard on practicing skills presented to them in their classes.

Homework

Homework can be a valuable learning tool. Teachers are encouraged to consider homework for the following purposes:

- Practice for skills learned in class
- Extension of skills learned in class
- Review of content in anticipation of upcoming assessment

If homework is assigned, students are expected to complete it. It will be a part of the course grade as it is assigned. If a student is transitioning back to public school, homework will be used as a preparatory transition tool between the Anderson School and the home school district.

Makeup Work Guidelines

Students must be given the opportunity to make up missed work and tests after any absence. **It is the responsibility of the student to contact the teacher for make-up work and to complete the work.** A student will be given a reasonable amount of time for completing make-up work. A reasonable amount of time is defined as three days after a single day's absence and five days after two or more days absent. If a student arrives late to school, he or she is responsible for contacting the teacher that day to take any test scheduled or make up any work missed. Failure of the student to make up assigned work can result in a grade of zero. Grades of students will not be lowered for disciplinary reasons, although students are responsible for making up work missed due to suspension. Class participation grades may be lowered if a student has 3 or more absences which prevent him/her from making a meaningful contribution to class. Students are to use their daily planners to organize their time for completing their make-up work.

Assessments

Curriculum Based Assessments

As a basis for gathering information for instructional decisions, teachers at Anderson use direct observation/assessment to record student's performance in relation to direct instruction. Performance criteria are established to determine the acceptable level of student performance or mastery. Baseline data of student academic performance is collected through the use of testing probes which are based on the general education curriculum which is aligned with Pennsylvania State Standards. These probes vary in format and are administered on separate occasions in order to control for sporadic student responses. CBA provides a structured way to observe (or count) progress and for teachers to structure their lessons and to provide for necessary academic intervention.

Accucess

Accucess is an assessment tool that quickly and efficiently measures learners' grade level reading, writing, and math skills. In addition to assessing student proficiencies, the program prescribes rigorous content that fills learning gaps and personalizes instruction, bringing students up to grade level.

PSSA/Keystone Exams

The Anderson School administers the PSSA and Keystone Exams as mandated throughout the school year. This is a standards-based, criterion-referenced assessment used to measure a student's attainment of the academic standards.

SAGE (System for Assessment and Group Evaluation) Vocational Testing

The Anderson School, in cooperation with the Montgomery County Intermediate Unit, offers SAGE vocational testing to high school students, if it is required by the school district. This career assessment is required for students who desire part time vocational education. Students complete an evaluation measuring cognitive and conceptual abilities, vocational interests/aptitude, temperament factors, work concerns/attitudes, learning styles and life concerns.

THE BEHAVIOR COMPONENT

The Anderson School Principles of Good Conduct – (ABLE)

1. **A**cting with Dignity:
Respecting the personal safety and property of self/others
2. **B**e Respectful:
Communicating with others respectfully and with integrity, which includes language and volume
3. **L**ocation:
Remaining in assigned/supervised areas
4. **E**ngaged in Learning:
Following directions including completing assign

Restorative Practices

"The fundamental premise of restorative practices is that people are happier, more cooperative and productive, and more likely to make positive changes when those in authority do things *with* them, rather than *to* them or *for* them."

Viewed on August 29, 2014; www.iirp.edu

The Anderson School will continue to utilize the Restorative Practices model. Restorative Practices allows the student to begin to take ownership for their own behaviors and shows them how their behaviors have an effect on them and others around them. All staff has been trained to effectively implement Restorative Practices.

Bullying Prevention

Bullying is not permitted at the Anderson School. Bullying is defined as a low-level form of violence that is inflicted repeatedly on another, usually a weaker student. Bullying may consist of verbal remarks or gestures that are meant to intimidate and gain power over a victim and can include threats of bodily harm, weapon possession, extortion, civil rights violations, gang activity, and behaviors up to and including assault and battery, threat of attempted murder, and murder. Sexual harassment is also a form of bullying.

A. PURPOSE

The Anderson School is committed to providing a safe, positive learning environment for students. The Anderson School recognizes that bullying creates an atmosphere of fear and intimidation, detracts from the safe environment necessary for student learning, and may lead to more serious violence. Anderson prohibits bullying by students.

B. DEFINITIONS

Bullying means an intentional electronic, written, verbal or physical act or series of acts directed at another student or students, which occurs in a school setting that is severe, persistent or pervasive and has the effect of doing any of the following as **determined** by the administration of the Anderson School.

1. Substantially interfering with a student's education.
2. Creating a threatening school environment.
3. Substantially disrupting of the orderly operation of the school.

School setting means in the school, on school grounds, in school vehicles, at a designated bus stop or at any activity sponsored, supervised or sanctioned by the school.

C. AUTHORITY

Bullying includes cyber bullying and electronic harassment. The Anderson School encourages students who have been bullied to promptly report such incidents to the Principal, Behavior Specialist, Counselor, or teacher.

Complaint Process

When bullying is reported, the staff member who was informed of the incident will assist the student to complete a Bullying Incident Report. Staff should inform an appropriate supervisor when they receive complaints of harassment or bullying and provide them with a completed copy of the Bullying Incident Report. Complaints of bullying shall be investigated promptly, and corrective action shall be taken when allegations are verified.

D. DELEGATION OF RESPONSIBILITY

Each student shall be responsible for *respecting* the rights of others and to ensure an atmosphere free from bullying.

E. GUIDELINES

Education

The Anderson School may develop and implement bullying prevention and intervention programs. Such programs **shall** provide Anderson staff and students with appropriate training for effectively responding to, intervening in and reporting incidents of bullying.

F. THE FOLLOWING CONSEQUENCES FOR VIOLATIONS MAY INCLUDE ANY OF THE FOLLOWING:

- Counseling within the school
- Parental conference
- Loss of school privileges
- Exclusion from school-sponsored activities
- Detention
- Suspension
- Referral to law enforcement officials

The Intermediate Unit recognizes the importance of teaching acceptable use and online safety to students. The Intermediate Unit curriculum shall include instruction for educating minors about appropriate online behavior, including interacting with other individuals on social networking

Cell Phones/Video Phones/Cameras/Electronics

Cell phones and all other electronics will **not** be permitted in the classroom. All electronics including cell phones will be collected at the front entry way door as students enter the building and then given back at dismissal before students exit the building. If the student is found with a cell phone in the classroom they will have disciplinary consequences to serve. Bringing your cell phone to school is at the discretion of the parent/student; however, The Anderson School **will not be responsible for lost or stolen cell phones.** No student is to videotape (using their phone or any other device) another student on the bus going to school or leaving school. To do so will result in disciplinary action.

Procedure for Violation of Cell Phone Policy:

1st offense:

- The student's cell phone will be confiscated.
- The student's cell phone will be returned at the end of the day.

2nd offense:

- The student's cell phone will be confiscated.
- The student will receive an infraction (yellow form) in their file.
- Parent or guardian must pick up the phone. The phone will be held in the office until a parent/guardian picks it up, **even if the parent/guardian cannot make it in until another day.**

3rd offense

- The student's cell phone will be confiscated.
- The student will receive another infraction (yellow form).
- The student will lose their cell phone privilege and will not be allowed to bring a cell phone to school. If a cell phone is brought to school after that privilege has been taken away, the phone will be held in the office until the last day of school.

Bringing a cell phone to school is a privilege not a right!!!

Note: Our office phone is available to those students who need to make necessary phone calls during their lunch time only. In case of an emergency, please call Ms. Fortune at the front desk and we will contact your child.

Computers

The Anderson School supports the use of computers, networks, and internet to facilitate learning and teaching. It is the student's responsibility to use the computers, network resources, and internet according to the directions of the teacher. Students are expected to act in a responsible, ethical and legal manner in accordance with the Anderson School computer procedures and federal and State Laws. The following are prohibited usages: non-educational purposes; modify, harm, or destroy hardware, software, network, and another user's data; accessing confidential information; harassing others; obscene or pornographic material; and loading any unauthorized media. Accessing Prohibited sites = Major infraction and loss of computer privileges.

Please note: a student must have a signed computer usage form or they will not be permitted to use school computers.

Drugs and Alcohol

Students/parents/guardians are reminded of the following: Any distribution of, delivering, selling, passing, sharing, or giving any alcohol, drugs, narcotics, marijuana, counterfeit chemical, anabolic steroid, look-alike substance, mood altering substance, or drug paraphernalia from one person to another is an offense that will be referred to law enforcement. **If a student is suspected of having an illegal substance on them, the school has the right to search them.** A student who possesses and/or uses any of the above named substances will incur a major infraction and referral to the local law enforcement authority.

Tobacco

Under Pennsylvania Statute it is unlawful for **any student (including those who are 18 years or older)** to use tobacco in school buildings, school buses, and on school property. Students possessing lit or unlit tobacco in any form, smoke-like products, and non-prescribed smoking-related products will be required to turn the product over to school faculty to be discarded. Examples include, but not limited to, tobacco, smokeless cigarettes, non-prescription Nicorette, lighters, and matches. Appropriate consequences will be applied and law enforcement agencies may be notified.

Vandalism of School Property and Property of Others

A student who damages the property of The Anderson School, school personnel, or other persons authorized to be on school property may be penalized as follows:

- Minor/Major (to be determined by damage value/staff discretion)
- Required to make full and complete restitution for all damages
- Referral to local law enforcement authority

Procedures for Leaving the Classroom

Before leaving the classroom for any reason you are to have your teacher or TA sign your hall pass in the back of your daily planners. If the hall pass is not sign, then a student will be asked to return to their classroom without completing the task they set out for. Hall passes make it possible for the hallway TA and other staff members know that you have the correct permission to be out of location.

No student is permitted to be in hallways, offices, or classrooms unsupervised.

Walk-Out/Leaving School Grounds Response Practice

It is the practice of The Anderson School to respond to a student attempting to leave campus as follows:

1. Use QBS Training which includes non-physical strategies such as offering a neutral area, physical proximity, active listening, peer mediation, or individual counseling with a preferred staff member.
2. If the above strategies are not successful, staff is to make phone contact with a parent/guardian, probation officer (if applicable), and Lower Providence Police Department.
3. Physical restraint is utilized to prevent the student from leaving campus as a last resort and only if the student is displaying one of the following three criteria: continuous high magnitude disruption, continuous aggression, or continuous self-injurious behavior.

Weapons

The Anderson School recognizes the importance of a safe school environment relative to the educational process. Possession of weapons in the school setting is a threat to the safety of students and staff and is prohibited by law. A weapon includes but is not limited to any knife, cutting instrument, firearm, replica of a weapon, or any tool capable of inflicting serious bodily injury. The student in violation of the weapons policy will be referred to the local law enforcement agency and be put on a major infraction.

Morning Searches and Wanding

When students enter the building they will be asked to place any bags or heavy coats on the desk to be searched by staff. Each student will also be wanded when they enter the building. This is for the safety of every student and staff member of The Anderson School.

Nonviolent Crisis Intervention Program

The Staff at The Anderson School are trained using the QBS model to provide for the care, welfare, safety and security of all students. The Staff are certified annually to respond using nonviolent crisis intervention. Staff will intervene in order to manage disruptive student behavior using “physical intervention only as a last resort - when an individual presents an imminent danger to self or others”. This program is “non-harmful, noninvasive”, and designed to maintain the individual’s dignity emphasizing respectful communication and student well-being.

Discipline Referral Forms

Orange Slips are behavior forms that are used for various, more minor, offenses. Orange forms are written by a subject area teacher and given to the student’s case manager. Depending on the offense, it may be a topic of discussion during homeroom, conversation with the student, or parent contact.

Yellow Slips are behavior forms that are used for more major infractions or an accumulation of orange forms. Yellow forms can be written by any teacher. There are various consequences for yellow forms, such as suspensions, team meetings, etc...

Suspensions/Reinstatement Meetings

A suspension is a consequence that could be given when a student commits a more serious offense or has repeated the same offense multiple times. When a student is suspended from school a mandatory reinstatement meeting needs to be scheduled through Mrs. Fortune. It is important for us to discuss the reason of the suspension and how we can help the student make appropriate choices. If the parent needs to attend via phone, that may be arranged, however, **if a student has been suspended multiple times it will be mandatory for the parent to come in for the reinstatement meeting.** The case manager, parent, and principal will all be a part of the reinstatement meeting. The district will be notified of the suspension and will have the option of attending the reinstatement meeting.

Student Expectations /Miscellaneous

Attendance/Tardy

School attendance is a child's right and a parent's responsibility. State Attendance Regulations mandate that a written excuse be on file for each and every absence. When a student is absent from school, it is the parents/guardians obligation to provide a written explanation as to the

reason for the absence. If a note is not received within three school days, the absence will be reported to the home school district as illegal and/or unexcused. After 10 cumulative days absent, a note from a physician/court will be required or the days will be recorded as illegal and/or unexcused.

- Students who arrive late must have a parent or guardian escort them into the building and sign them in at the main entrance. If there is a pattern of lateness to school it will be reported to the student's school district. **Students arriving late will be required to bring their own lunch or call the school prior to 8:15 a.m. to order their lunch.**
- Students who have an early dismissal must have a parent come into the building and sign the visitor log.

Public Displays of Affection (PDA)

The Anderson School holds the firm opinion that school is not the appropriate place for displays of affection between students. Such displays are in poor taste and do not reflect proper respect for the individuals involved. Public displays of affection are prohibited.

Dress Code

Students are expected to dress in a manner deemed appropriate by the school administration. Students are not permitted to be barefoot, have midriffs exposed, muscle/sleeveless-shirts, clothing revealing underwear, low cut/revealing tops. In addition, clothing (including socks) with tobacco, drug, alcohol, inappropriate language or sexual references is prohibited and must be replaced or concealed. Violations of this policy may result in exclusion from classroom activities on that day and communication to parents/guardians.

Heavy coats, pillows, blankets, or stuffed animals must remain in lockers at all times.

Gentleman- must always have their pants up on their hips. Please wear a belt to keep them there! Having sagging pants that show your undergarments is prohibited!

Ladies- if you decide to wear a skirt/dress to school it must come to at least two inches above the knee.

Parents may be contacted to bring a change of clothes or students may access what the school has available. The student will be expected to change.

Random Searches

Anderson School reserves the right to conduct random searches at any time based on reasonable suspicion. Areas may include: person, school locker and personal belongings.

Medical

All medications must be provided by parents with physician's directions in the original prescription container. A note with a pill count signed by parent/guardian must accompany prescription refills. Students will be given medication by the nurse. Students bringing refills to school must give them directly to the nurse upon arrival. Students may not keep any prescription drugs and/or over-the-counter drugs with them in school.

Money

Students are prohibited from gambling, extorting money, betting and/or selling anything to other students. Students are not to bring large amounts of money into school. If a student brings a large amount of money into school, the principal or secretary will hold your money until your dismissal. The principal has the right to determine if it is a “large” amount of money.

Transportation

Parents/guardians are responsible for their child prior to boarding the school bus in the morning and from the time the child is delivered home in the afternoon. Students should be ready for pick up at least ten minutes before the scheduled time.

- In the morning all students may exit their transportation vehicles not before 7:45 a.m. All students are to report to the cafeteria upon entering the building.
- Students not arriving to school in the morning via their district provided transportation, should notify the office staff that they did not come in on district provided transportation and whether or not afternoon transportation from their home district is needed.
- Students must travel on their assigned bus; local districts do not permit non-resident students to ride buses due to insurance restrictions. There are no exceptions.
- Students who are not using bus transportation home must notify the office as soon as possible. Please provide written notice that morning if you are picking your child up. The student will report to the office for dismissal. Parents/Guardians must report to the office in order for their child to be dismissed.
- Transportation is provided by your home school district. Any questions regarding transportation should be directed to your district transportation department. Parents/guardians are responsible for notifying their transportation department on days when transportation will not be needed for their child due to an absence.

Visitors

All visitors must report to the main office and sign the visitor’s log. Students who have previously graduated and wish to visit will be accompanied by a staff member upon their visit to each classroom. No student visitor is permitted to walk around the school building on their own or with other students.

Lockers

On the students’ first day at The Anderson School, each student is assigned a locker with a combination in which to keep their personal belongings. Students are assigned lockers near their homerooms. It is the responsibility of the student to keep lockers locked. Students are not permitted to share lockers or their locker combinations with other students. The Anderson School is not responsible for lost property kept in lockers. Students should keep their lockers clean. Stickers or other markings on the locker are not permitted. All lockers are property of The Anderson School and are provided to students to store school supplies and personal items for school use. Lockers are not to be used to store items which could cause an interference with school purposes or which are forbidden by state law.

The Anderson School has the right to inspect the locker and its contents to insure that the locker is being used properly, to locate lost or stolen material, to prevent the use of the locker to store weapons, illegal drugs, alcohol, or tobacco products. If any weapons, illegal drugs, alcohol, or

tobacco products are uncovered during a locker inspection, the student who is assigned to the locker is deemed to have consented to the removal of any such item(s) from the locker.

Fire Drills

Fire drills are designed to prepare students and staff for a rapid evacuation of the building in case of a fire. Each classroom is provided with a detailed drawing of the primary and secondary exit routes for the students and staff. Each teacher will have previously discussed the primary route to take in case of a fire and the secondary route that will be used in case the primary route is not available to use. When the fire bell sounds, all students must leave the building using the proper exits in an orderly and quiet manner. Under no circumstances should anyone remain in the building. Assigned teachers will be responsible to make sure that classroom lights are turned off, doors are closed and that all students and staff have exited the building. Upon leaving the building, each class moves to the area designated by their teacher and remains there until notified to return inside the building. Illegally setting off the fire alarm is a criminal offense. Violators will be prosecuted.

Emergency Procedures for Students

Students are to stay with their assigned teachers, remain quiet, and follow all directions in an emergency situation. Students need to be aware of all the emergency escape routes from the assigned classrooms.

Lost and Found

Valuable items should not be brought to school or should not be kept in lockers. If an item is lost or misplaced, the student should report it to the office. The school will attempt to help the student find lost items, but the school will not be held responsible for any items that are lost. If any student finds another students' item that has been left behind they are asked to give it to a teacher who will bring it to the office or the student may bring the item to the office.

Lunch/Cafeteria

The Anderson School offers lunches which are provided by the Methacton School District on a daily basis at a cost of \$3.15 unless eligible for the free or reduced lunch program. Applications for the Free & Reduced Lunch Program must be completed yearly. Food/unopened beverages brought from home must be dropped off in the cafeteria in the morning. Please note that no glass or opened containers (unless empty) should be brought to school. Please do not bring fast food lunch to school for your child. No food or beverage is to leave the cafeteria unless the student has permission from the teacher to bring an item to the classroom.

Open Containers/Inappropriate Food Items

Students will not be allowed to enter the building with any open containers. If you are bringing containers into school, please make sure the seal around the lid has not been broken. Please do not bring two liter bottles of soda, energy drinks, large bags of chips/candy etc... to school.

Change of Address

All enrolled students must notify Mrs. Fortune in the main office of any changes of address, telephone numbers, and/or parent/guardianship status.

Closure Due to Inclement Weather

In the event that your home district is closed and The Anderson School is in session, please contact your school district transportation office to determine transportation availability. If your district is closed and NOT providing transportation, the absence will be marked "Excused" due to inclement weather/no transportation. However, if transportation is being provided by your district and the student is absent, the absence will be marked as "Unexcused".

If the Anderson School is closed or a two hour delay it will also be posted on the MCIU website: www.mciu.org

Working Papers

All students under the age of eighteen must have working papers for part-time or summer jobs, with a new certificate for every job change. To procure working papers, the student applicant must have his/her parent/guardian present proof of the student's age (birth certificate, hospital record, passport, driver's license) to the home school district. Please verify with your home school district which district building provides working papers.

Daily Planners

Daily planners are a component of the Anderson school to teach students the skill of organization and responsibility. Each student will receive a daily planner at the beginning of the school year. If a student loses their daily planner it will be their responsibility to purchase another at the cost of \$3.00. No student should have graffiti on their daily planner. If a student displays graffiti on their daily planner they may be asked to clean it off. If it cannot be cleaned, they will need to purchase a new planner. Students will use their daily planner as a hall pass, so it is imperative that they have their daily planners with them each day. Each homeroom will receive a monthly calendar for the events and happenings around the school. Each student will be responsible for adding these details to their daily planners to keep themselves informed of upcoming events etc...

Student Council

Being a member of student council is considered to be a distinct privilege. Each member of student council must show that they can abide by the expectations set by the Anderson School staff.

The goals of the Student Council are as followed:

- To provide a forum for the many voices of Anderson
- To increase student involvement by working on issues that matter to the student body
- To involve students in the school decision-making process
- To make changes in our schools and communities that we believe in
- To increase student interest in civic issues and involvement

The job of a student council member:

- Represent your homeroom's ideas for better school community
- Plan events, fundraisers, field trips to build school culture and help in the community
- Work with student council advisers and principal to develop new programs and incentives for Anderson

- Participate on a committee of your peers to make decisions about the Anderson environment
- Demonstrate leadership among your peers

Why you should run for Student Council:

- Allows you to make decisions that affect you and the rest of the student body
- Looks great on a resume and college applications.

THE THERAPEUTIC COMPONENT

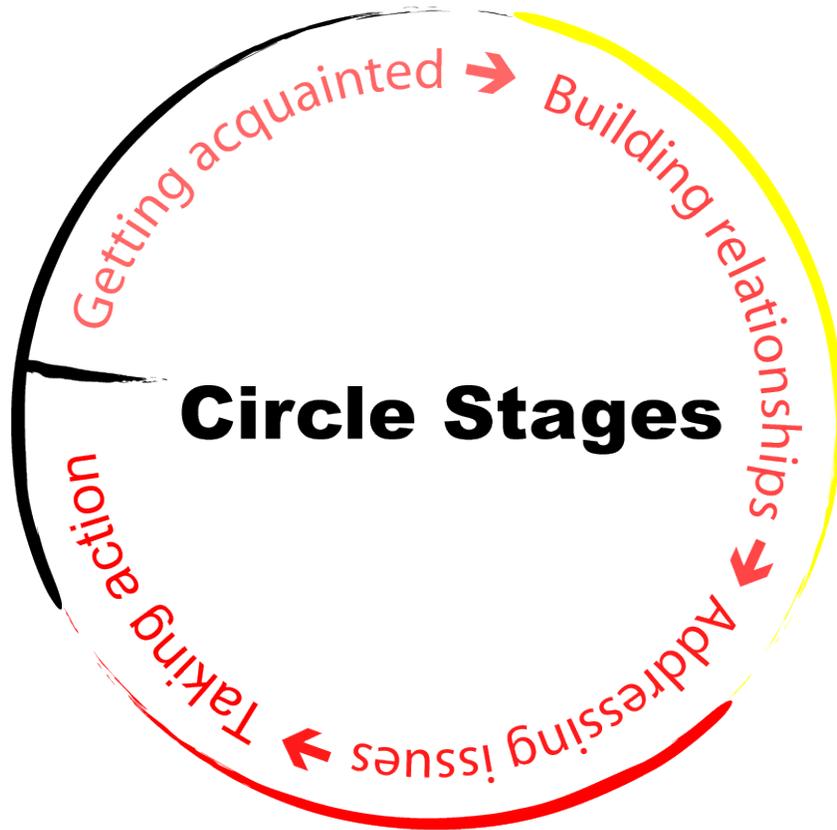

Students at The Anderson School have a variety of emotional needs. Positive staff and peer relationships are important for each student. The faculty facilitates positive interactions throughout our school community. Additionally, several therapeutic interventions are available to assist students in developing coping skills for dealing with school work and social interactions. Perhaps most important is the confidence each student gains as they realize they are able to internalize self-control in a way that promotes success rather than failure.

Individual Counseling

The Anderson School staff recognizes the need for students to have support when frustrations develop during daily school routines. Individual counseling is available with the school counselor, behavior specialist (when available), or school psychologist (when available). Students learn to request support in an appropriate manner rather than in ways which might bring negative attention to themselves.

Behavior Specialist

There is a Behavior Specialist on site to consult with staff regarding student behaviors. The Behavior specialist provides meaningful feedback to staff and provides observations of students to create effective Positive Behavior Support Plans.

“Where there is unity, there is always victory”
-Publilius Syrus

**Student Handbook Agreement
2016-2017**

Student Section

By signing this form I am indicating that I have read and understand the Student Handbook. I agree to follow the rules as stated in the handbook. I understand that if I violate these rules there will be disciplinary action taken.
